

Inter-Cultural Social and Education Services, Inc.

ISESI Mission Statement

The Mission

The mission of Inter-Cultural Social and Education Services, Inc. (ISESI) is to disseminate educational information about health care and social services to non-English speaking seniors and their families in the San Gabriel Valley area of Los Angeles. The information provided reflects the culture and languages of the multi-ethnic population represented within ISESI's service area.

The Goal

The goal of ISESI is to become a one-stop resource and referral center for non-English speaking seniors and their families to learn about available resources for health care and social services.

The Objectives

- Provide educational opportunities through community forums and workshops to raise awareness of the health and social services needs of seniors
- Disseminate educational materials gathered from public health agencies and private organizations to multi-ethnic communities
- Promote networking among community-based organizations that provide educational resources
- Create a resource database of educational materials that reflect the culture and language of seniors and their families
- Promote mutual respect and understanding among different generations
